OUR KEY LEARNING AREAS

ENGLISH

Students will be using the text *One Small Island* to analyse representations of ideas in literature through genre that reflect argument and authority. Students will adapt these representations when creating a persuasive text and a hybrid text that does not follow the form and function of a single genre.

Reading is an integral part of learning in all KLAs. All students participate in library lessons. A library tote bag is needed when students are borrowing from our library. Please ensure your child has their bag every day as it is also used as our Notes home folder. **Stage 3 will continue to borrow on Wednesday.**

MATHEMATICS

Mathematics is divided into several concept areas with a strong emphasis on working mathematically. Studies have shown that by working in mixed ability groups, students learn from each other. Students will have opportunities to learn space & geometry and measurement concepts by using equipment and applying known strategies to solve problems. All lessons incorporate a reasoning and working mathematically component. Opportunities will be provided for students to extend their knowledge/skill base by completing more complex tasks independently or in groups.

HISTORY and GEOGRAPHY

During Semester 1 students will be continuing their unit of work in history focused on the origins and development of democracy in Australia, the values of democracy and the events and key figures that led to Australia's Federation in 1901. They will investigate the levels of government in Australia, the roles and responsibilities of each. Our Canberra excursion will provide the ideal opportunity to consolidate this learning.

SCIENCE and TECHNOLOGY

Mr Jones and Miss Popal will guide students through a Design and Technologies unit during which they will investigate how and why food and fibre are produced in managed environments, using sustainable methods. They will also explore how people in design and technologies occupations address competing considerations, including sustainability, in the design of solutions for current and future use.

PDHPE (Personal Development, Health and Physical Education)

Crunch 'n' Sip is an essential DAILY aspect of our morning session. Students are encouraged to bring a small container of FRESH, RAW fruit or vegetables, and water to drink. Students will be working on developing skills and strategies to support them in identifying personal strengths, challenges and regulating their emotions. **All students will participate in sport on FRIDAY so their sports uniform is to be worn on this day.** They will be developing skills that are required in different athletic and sporting environments..

CREATIVE ARTS

Visual Art, Drama, Dance and Music

Students will participate in a range of experiences, using a variety of media as they create their own works of art. They will explore the elements of line, colour and shape as they create artworks which will be displayed in the classroom to help create a stimulating learning area for all students. Students will also participate in other aspects of the creative arts curriculum throughout the term.

FUNDRAISING

Throughout the term Stage 3 students will be engaged in fundraising activities to raise money for the school. Students will be helping to make treats such as Jelly Cups and be part of the advertising and selling process.

CAMP

Our trip to Canberra on 2 -4 July is fast approaching! Thank you for all the payments that have already been received. More information will be provided shortly around suggested clothing to pack and forms to complete regards dietary requirements.

BEHAVIOUR

All students are expected to follow our three school expectations – Be Safe, Be Respectful and Be a Learner, as this creates a settled, safe and positive working environment, which benefits everyone. Behaviour expectations are explained, modelled and revised regularly. Students must display appropriate behaviour and respectful manners to all members of the staff, their peers and the wider school community. Being organised is part of being a learner so personal equipment (books and requirements) must be labelled, in good working order and at school every day.

SUPPORT STAFF

Our students are supported by dedicated and enthusiastic support teachers including Mrs Wilson (Library), Miss Popal (Support), Ms Heron, (EAL/D), Mrs Eltakchi (Learning Support), Mr Jones (RFF/Science), Mrs Malek (Farsi) and Mrs Arora (Hindi).

HOMEWORK

Homework allows for the revision and consolidation of concepts taught but it also helps develop self-discipline and time-management skills. We will be posting or handing out (if required) a homework grid with activities that students may complete in the order they wish. It is anticipated this grid may be supplemented by a further task such as research or preparing some sort of presentation.

ABSENCE NOTES

All students will continue to 'Strive for 95' because the greater the attendance, the greater the achievement! It is a Department requirement that a note explaining an absence is provided to the teacher when a student returns to school. Please ensure these notes are signed and dated. Notes can be returned via the school app. If students are arriving late or leaving early, a parent must sign them in or out at the office.

MEDICATION

Any medication that has to be taken during school hours **MUST** be handed in at the office, by a parent. A note must be completed by a parent or carer before any medication will be administered.

UNIFORM

Please ensure your child wears the full uniform each day to school. Students need to wear their blue PNPS school hat every day. As the weather is always changing, please leave a jumper and raincoat in your child's school bag. **All items of clothing MUST be labelled with your child's name.**
