

KINDERGARTEN RESOURCE PACK 2021

Encouraging and developing independent workers and creative, divergent thinkers is a core aspect of teaching at our school. Students regularly participate in cooperative learning activities that involve formulating and recording their ideas or ideas with a partner or in a group. To assist with the development of these skills, kindergarten students are required to purchase a resource pack at the cost of **\$60.00**

The pack includes:-

- | | | |
|--|------------------------------------|---------------------|
| 1 x PNPS tote bag (for notes/library book) | 1 x individual magnetic whiteboard | 5 x dry glue sticks |
| 1 x plastic home reader folder | 5 x whiteboard markers | 1 x student journal |
| 1 x set of headphones | 1 x whiteboard eraser | 1 x word work book |
| 2 x play doh containers | 1 x pencil case | |

Our kindergarten students are already using these packs in the classrooms.

All students receive their own set of high quality headphones. The headphones will be used to listen to interactive activities when using computers, iPads and their XO, in future years. The attached microphone will also allow the students to record their own voices. These are for individual student use and sharing will not be permitted. Lost or damaged headphones will need to be replaced, at cost to the student.

All items will be stored and used regularly in the classroom. **The class teacher will advise you in writing when an item needs replacing.**

The whiteboard, tote bag and headphones will be collected and stored, at the end of the year, so they can be handed out ready for use in classrooms next year.

Please complete the form below and enclose it with **\$60.00** in an envelope. All money **MUST** be in a labelled envelope and handed to the class teacher. Alternatively, an online payment can be made (in the payment options, tick Sales to Student) and your receipt number recorded on the return slip below.

Payment of \$ 60 by Monday 22 February would be appreciated.
