

Keeping our students safe online

Dear Parents and Carers,

Online safety is of growing concern in Australia, and an important priority at Parramatta North Public School. It is vital that students, young people, and community members are receiving the most up to date, reliable education on the issues that prioritise the online safety of their children. As such, on March 23rd you are invited to participate in an online webinar that investigates 'Raising kids in a digital world'. This Webinar is endorsed by the E-Safety commission and discusses issues and challenges that are relevant in today's ever changing technological world. Below is a link that you can access for further information, alternatively please call the school office on 9630 1768.

We hope to see you on: Thursday 23rd March @ 7.30pm.
