Homework is to be completed at home in your child's homework book and returned each Friday. Parents can provide homework support by checking the tasks are completed and offering encouragement and praise for a good effort.

SCRIPTURE

Scripture lessons are conducted on Wednesday from 9.30 -10am. Please ensure that you have notified the school office of your religious preference for your child.

ABSENCE NOTES

All students will continue to 'Strive for 95' because the greater the attendance, the greater the achievement!

It is a Department requirement that a note explaining an absence is provided to the teacher when a student returns to school. Please ensure these notes are signed and dated. Notes can be returned via the school app. If students are arriving late or leaving early, a parent must sign them in or out at the office.

KEY LEARNING AREAS

ENGLISH

Students in Stage 2 will be working on gaining a deeper level of understanding and greater fluency when reading more complex texts. We will be including novels, shorter readers, The School Magazine, poetry and non-fiction texts in our reading program this year. Opportunities to improve reading skills through guided, shared and independent reading activities operate continuously in the classroom. School Magazines are used regularly throughout the year. A note outlining this subscription will be sent home shortly and we would appreciate prompt payment.

This term in writing, we will be focussing on writing for imaginative and persuasive purposes. By increasing skills, knowledge and understanding of English through the explicit and systematic teaching of writing skills, grammar, sentence structure, punctuation and spelling, students' written texts should improve. Students will be exposed to more complex spelling lists throughout the term. In Year 3 students use a lead pencil for writing and gradually acquire the skills of Foundation Cursive writing (running writing). In Year 4 students are working towards the acquisition of their Pen Licence – the teacher will let you know when to bring a pen.

To ensure that students reach their potential in oral communication, many and varied opportunities to develop skills will be offered. Tasks range from group to individual responses. Some tasks will require preparation at home.

MATHEMATICS

Mathematics is divided into several concept areas with a strong emphasis on working mathematically. Studies have shown that by working in mixed ability groups, students learn from each other. Emphasis is given to practical number activities up to 4 digits as required by the syllabus. Students will have opportunities to learn space & geometry and measurement concepts by using equipment and applying known strategies to solve problems. All lessons incorporate a reasoning and working mathematically component. Opportunities will be provided for students to extend their knowledge/skill base by completing more complex tasks independently or in groups.

Students will be developing and enhancing both English and mathematics skills that will support their participation in NAPLAN assessments (yr 3 only) that will be held in March (Term 1).

HISTORY and GEOGRAPHY

In Semester One, our focus will be on History. The students will be undertaking the topic 'Community and Remembrance'. Students will explore the historical features and diversity of their local community and investigate how things have changed or continued over time.

PDHPE

During Personal Development sessions, students will explore factors that support and contribute to their identity. They will explore how resilience can support them to respond positively to different situations and describe ways to build and maintain caring, respectful and inclusive relationships. Crunch 'n' Sip is a vital aspect of every morning session. Students are encouraged to bring a small amount of FRESH fruit or vegetables, which are cut up and ready to eat and water to drink. On Friday mornings, students will participate in school sport activities. PSSA will not be run this term.
